Rohit Sandip Vidhate

Electronics & Computer Engineering Undergraduate

rohitvidhate3@gmail.com | +91 8624921303 | Ahilyanagar, Maharashtra

LinkedIn | GitHub | Portfolio

SUMMARY

Motivated Electronics & Computer Engineering undergraduate with hands-on experience in Full Stack Web Development through three internships. Skilled in JavaScript, React.js, Node.js, Express.js, and MongoDB, with experience building responsive web applications, REST APIs, and AI-powered platforms. Interested in Software Developer and Full Stack Developer opportunities to apply technical knowledge and develop scalable software solutions.

EXPERIENCE

Full Stack Developer Intern

Pravara Infotech, Sangamner — Jan 2026 – Feb 2026

- Developed responsive full-stack web applications using HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB.
- Designed databases, implemented CRUD operations, and collaborated with the team to debug and optimize application performance.

Web Development Intern

Web Stack Academy, Remote — Nov 2025 – Dec 2025

- Built responsive websites using HTML, CSS, JavaScript, and Bootstrap.
- Applied modern web development practices to improve website performance, usability, and cross-browser compatibility.

Frontend Developer Intern

CodeAlpha, Remote — Sep 2025 – Oct 2025

- Developed interactive and responsive user interfaces using HTML5, CSS3, and JavaScript.
- Debugged frontend issues and enhanced website functionality to deliver a better user experience.

SKILLS

- **Technical Skills:** Java(Basic), C++, JavaScript, HTML5, CSS3, React.js, Node.js, Express.js, MongoDB, Git, GitHub, VS Code, REST APIs, Responsive Web Design
- **Core Computer Science:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management System (DBMS), Computer Networks, Operating Systems, Software Development Life Cycle (SDLC), Debugging, Problem Analysis
- **Soft Skills:** Problem Solving, Analytical Thinking, Communication Skills, Team Collaboration, Leadership, Time Management, Adaptability, Presentation Skills

EDUCATION

Bachelor of Engineering (B.E) - Electronics & Computer Engineering — Aug 2023 – May 2027 | CGPA: 7.5/10
Sir Visvesvaraya Institute of Technology, Nashik
Savitribai Phule Pune University (SPPU)

Higher Secondary Certificate (HSC) — Jun 2021 – Mar 2023
Maharashtra State Board
Percentage: 53.67%

Secondary School Certificate (SSC) — Jun 2019 – Mar 2021
Maharashtra State Board
Percentage: 77.80%

PROJECTS

NexusAI – AI-Powered Smart Project Management & Team Collaboration Platform

MongoDB | Express.js | React.js | Node.js | Gemini AI | Socket.IO | Cloudinary | REST APIs

- Developed a full-stack project management platform with workspaces, team collaboration, task management, subtasks, dependencies, and project tracking using the MERN stack.
- Integrated Gemini AI, authentication with Google/GitHub OAuth, OTP verification, password reset, and role-based access control.
- Built RESTful APIs with Node.js and Express.js, integrated MongoDB, Socket.IO, and Cloudinary, and deployed the application using Vercel and Render.

Hospital Management System

MongoDB | Express.js | React.js | Node.js | HTML | CSS | JavaScript

- Designed and developed a Hospital Management System to manage patients, doctors, appointments, and billing.
- Designed MongoDB collections and implemented CRUD operations for efficient data management.
- Built a responsive and user-friendly interface for efficient hospital management.

Light & Fan Control Using IR Sensor

Arduino | IR Sensor | Relay Module | Embedded Systems

- Developed an automation system to control lights and fans using an IR sensor and remote control.
- Integrated Arduino with relay modules for device switching.
- Demonstrated basic home automation and embedded system concepts.
- Developed an embedded home automation system to control lights and fans using an IR sensor, remote control, and relay module.
